Hydrobiologia

The International Journal of Aquatic Sciences

Volumes 506–509, 15 November 2003

Theme

Shallow Lakes 2002

International Conference on Limnology of Shallow Lakes

Guest Editors

J. Padisák, L. G.-Tóth, S. Herodek,
S. C. Maberly, I. Tátrai & L. Vörös

Foreword xiii

List of participants xv–xxv

GENERAL ASPECTS OF SHALLOW LAKE LIMNOLOGY

Shallow lakes: the absolute, the relative, the functional and the pragmatic
J. Padisák & S. Reynolds 1–11

Man-made lakes in Mediterranean semi-arid climate: the strange case of Dr Deep Lake and Mr Shallow Lake
L. Naselli-Flores 13–21

The role of water-level fluctuatons in shallow lake ecosystems – workshop conclusions
H. Coops, M. Beklioglu & T.L. Crisman 23–27

Eutrophication and restoration of shallow lakes – the concept of stable equilibria revisited
M.T. Dokulil & K. Teubner 29–35

Stratification analysis of the Óhalász Ox-bow of the River Tisza (Kisköre Reservoir, Hungary)
M.T. Nagy, K. Márialigeti, P. Végvári, E. Csépes & I. Bancsi 37–44

Micropaleontological observations on a *Sphagnum* bog in East Carpathian region – testate amoebae (Rhizopoda: Testacea) and their potential use for reconstruction of micro- and macroclimatic changes
C. Schnitchen, E. Magyari, B. Tóthmérész, I. Grigorszky & M. Braun 45–49

HYDROCHEMISTRY

Factors controlling hydrochemical and trophic state variable in 86 shallow lakes in Europe
P. Nõges, T. Nõges, L. Tuvikene, H. Smal, S. Ligeza, R. Kornijów, W. Peczula, E. Bécares, F. Garcia-Criado, C. Alvarez-Carrera, C. Fernandez-Alaez, C. Ferriol, R.M. Miracle, E. Vicente, S. Romo, E. Van Donk, W. van de Bund, J.P. Jensen, E.M. Gross, L.-A. Hansson, M. Gyllström, M. Nykänen, E. de Eyto, K. Irvine, D. Stephen, S. Collings & B. Moss 51–58

Comparison of automatic and conventional physical and chemical analyses in Lake Saimaa, Eastern Finland
E. Grönlund & M. Viljanen 59–65

Changes of organic matter quality along the longitudinal axis of a large shallow lake (Lake Balaton)
K. V.-Balogh, L. Vörös, N. Tóth & M. Bokros 67–74

Seasonality of chlorophyll and nutrients in Lake Erken – effects of weather conditons
K. Pettersson, K. Grust, G. Weyhenmeyer & T. Blenckner 75–81

Linking nutrient limitation and water chemistry in upland lakes to catchment characteristics
S.C. Maberly, L. King, C.E. Gibson, L. May, R.I. Jones, M.M. Dent, C. Jordan 83–91

Characteristics of nutrient dynamics in Lake Sagate, Japan, a shallow san dune lake
H. Fukuhara, A. Kawakami & T. Shimogaito 93–99

Seasonal and spatial heterogeneity in the water chemistry of two sewage-affected saline shallow lakes from central Spain
I. García-Ferrer, A. Camacho, X. Armengol, M.R. Miracle & E. Vicente 101–110

Effects of mining industry waste waters on a shallow lake ecosystem in Karelia, northwest Russia
I.J. Holopainen, A.-L. Holopainen, H. Hämäläinen, M. Rahkola-Sorsa, V. Tkatcheva & M. Viljanen 111–119

On the limnology of Lake Baringo (Kenya): I. temporal physico-chemical dynamics
S.O. Oduor, M. Schagerl & J.M. Mathooko 121–127

Sediment phosphorus release in phytoplankton dominated *versus* macrophyte dominated shallow lakes: importance of oxygen conditions
A. Kisand & P. Nõges 129–133

Role of sediment and internal loading of phosphorus in shallow lakes
M. Søndergaard, J.P. Jensen & E. Jeppesen 135–145

Phosphorus-binding in iron-rich sediments of a shallow Reservoir: spatial characterization based on sonar data
M. Heidenreich & A. Kleeberg 147–153

PHYTOPLANKTON SPECIES, COMMUNITY STRUCTURE AND PRIMARY PRODUCTION

Diversity of cyanobacteria and algae of urban gravel pit lakes in Bratislava, Slovakia: a survey
F. Hindák & A. Hindáková 155–162

Some special morphological features of *Cylindrospermopsis raciborskii* in batch and continuous cultures
H.M. Shafik, L. Vörös, P. Sprőber, M. Présing & A.W. Kovács 163–167

Nitrogen uptake and fixation in the cyanobacterium *Cylindrospermopsis raciborskii* under different nitrogen condittions
P. Sprőber, H.M. Shafik, M. Présing, A.W. Kovács & S. Herodek 169–174

Potential triggers for akinete differentiation in an Australian strain of the cyanobacterium *Cylindrospermopsis raciborskii* (AWT 205/1)
D. Moore, M. O'Donohue, G. Shaw & C. Critchley 175–180

Akinete abundance of N_2-fixing cyanobacteria in sediment of Lake Balaton (Hungary)
A.W. Kovács, E. Koncz & L. Vörös 181–188

Benthic growth of *Gloeotrichia echinulata* Cyanobacteria
I. Karlsson 189–193

Diurnal changes in vertical distribution and morphology of a natural population of *Planktothrix agardhii* (Gom.) Anagnostidis et Komárek (Cyanobacteria)
P. Hašler & A. Poulíčková 195–201

Factors controlling the occurrence of Dinophyta species in Hungary
I. Grigorszky, G. Borics, J. Padisák, B. Tótmérész, G. Vasas, S. Nagy & G. Borbély 203–207

Deep chlorophyll maximum by *Ceratium hirundinella* (O.F. Müller) Bergh in a shallow oxbow in Hungary
I. Grigorszky, J. Padisák, G. Borics, C. Schitchen & G. Borbély 209–212

Seasonal distribution and morphological changes of *Ceratium hirundinella* in two mediterranean shallow lakes
M. Gligora, A. Plenković-Moraj & I. Ternjej 213–220

Winter *Stephanodiscus* bloom development in the Nakdong River regulated by an estuary dam and tributaries
K. Ha, M.-H. Jang & G.-J. Joo 221–227

Phytoplankton community structure in non-stratified lakes of Pomerania (NW Poland)
E. Szeląg-Wasielewska 229–236

Seasonal succession, vertical distribution and long term variation of phytoplankton communities in two shallow forest lakes in eastern Finland
A.-L. Holopainen, R. Niinioja & A. Rämö 237–245

The influence of water depth and flow regime on phytoplankton biomass and community structure in a shallow, lowland river
H.V. Leland 247–255

Water level as the mediator between climate change and phytoplankton composition in a large shallow temperature lake
T. Nõges, P. Nõges & R. Laugaste 257–263

Phytoplankton response to changed nutrient level in Lake Peipsi (Estonia) in 1992–2001
K. Kangur, T. Möls, A. Milius & R. Laugaste 265–272

Changes of nutrients and phytoplankton chlorophyll-*a* in a large shallow lake, Taihu, China: an 8-year investigation
Y. Chen, C. Fan, K. Teubner & M. Dokulil 273–279

Phytoplankton changes in a shallow Mediterranean lake (Albufera of Valencia, Spain) after sewage diversion
M.-J. Villena & S. Romo 281–287

Effect of ultraviolet radiation on phytoplankton primary production in Lake Balaton
K. Pálffy & L. Vörös 289–295

On the limnology of Lake Baringo (Kenya): II. Pelagic primary production and algal composition of Lake Barigo, Kenya
M. Schagerl & S.O. Oduor 297–303

Long-term variations of phytoplankton primary production in a shallow, polyhumic reservoir
A. Górniak, M. Grabowska, E. Jekatierynczuk-Rudczyk, P. Zieliński & T. Suchowolec 305–310

The primary production of phytoplankton in the restored Maltański Reservoir in Poland
T. Joniak, R. Gołdyn & A. Kozak 311–316

Plankton biodiversity in a landscape of shallow water bodies (Mediterranean coast, Spain)
M.A. Rodrigo, C. Rojo & X. Armengol 317–326

ZOOPLANKTON

The distribution of rotifers (Rotifera) within a single *Myriophyllum* bed
N. Kuczyńska-Kippen 327–331

The impact of the spatial structure of hydromacrophytes on the similarity of rotifera communities (Budzyńskie Lake, Poland)
N. Kucsyńska-Kippen & B. Nagengast 333–338

Horizontal migration of zooplankton in a littoral zone of the lowland Sulejow Reservoir (Central Poland)
A. Wojtal, P. Frankiewicz, K. Izydorczyk & M. Zalewski 339–346

Structure and production of the metazoan zooplankton in Lake Balaton (Hungary) in summer
L. Parpală, L. G.-Tóth, V. Zinevici, P. Németh & K. Szalontai 347–351

The role of zooplankton grazing in the formation of 'clear water phase' in a shallow charophyte-dominated lake
I. Tõnno, H. Künnap & T. Nõges 353–358

Crustaceans as biological indicators of heavy metal pollution in Lake Balaton (Hungary)
A. Farkas, J. Salánki & I. Varanka 359–364

MACROINVERTEBRATES

Characteristics of caddis larvae assemblages from shallow lakes in the Bükk Mountains, North Hungary
O. Kiss, D. Schmera & I. Fehér 365–372

Temporal pattern of macroinvertebrate diversity and production in a new man made shallow lake
A.G. Solimini, A. Ruggiero, V. Bernardini & G. Carchini 373–379

Population dynamics of *Propsilocerus akamusi* and *Chironomus plumosus* (Diptera: Chironomidae) in Lake Suwa in relation to changes in the lake's environment
K. Hirabayashi, T. Hanazato & N. Nakamoto 381–388

Inter-annual variation in macroinvertebrate communities in a shallow forest lake in eastern Finland during 1990–2001
H. Hämäläinen, H. Luotonen, E. Koskenniemi & P. Liljaniemi 389–397

Long term functional changes within the Oligochaeta communities within the Danube River Delta, Romania
G. Rîşnoveanu & A. Vădineanu 399–405

Oxygen consumption of *Limnomysis benedeni* Czerniavsky, 1882 (Crustacea: Mysidacea), a Pontocaspian species in Lake Balaton, Hungary
K. Szalontai, L. G.-Tóth & I.B. Muskó 407–411

Structure and changes of macroinvertebrate community colonizing decomposing rhizome litter of common reed at Lake Fertő/Neusiedler See (Hungary)
I. Varga 413–420

Shift from clear to turbid phase in Lake Chozas (NW Spain) due to the introduction of American red swamp crayfish (*Procambarus clarkii*)
C.F. Rodríguez, E. Bécares & M. Fernández-Aláez 421–426

FISH ECOLOGY

The feeding behaviour of large perch *Perca fluviatilis* (L.) in relation to food availability: a comparative study
H. Dörner, S. Berg, L. Jacobson, S. Hülsmann, M. Brojerg & A. Wagner 427–434

Condition and growth of ruffe *Gymnocephalus cernuus* (L.) in two large shallow lakes with different fish fauna and food recourse
P. Kangur, A. Kangur, K. Kangur & T. Möls 435–441

Comparison of gillnet and trawl in diurnal fish community sampling
M. Olin & T. Malinen 443–449

Responses of plankton and fish communities to mass removal of planktivorous fish in a two-basin lake in southern Finland
M. Rask, M. Olin, J. Keskitalo, A. Lehtovaara, J. Ruuhijärvi & S. Vesala 451–457

Diversity of fish species assemblages distributed in the drainage area of Lake Balaton (Hungary)
P. Bíró, A. Specziár & K. Keresztessy 459–464

Evidence for invasive carp mediated trophic cascade in shallow lakes of western Victoria, Australia
T.A. Khan, M.E. Wilson & M.T. Khan 465–472

Fish communities and food web interactons in some shallow Mediterranean lakes
S. Blanco, S. Romo, M.–J. Villena & S. Martínez 473–480

Piscivory of 0+ pike (*Esox lucius* L.) in a small eutrophic lake and its implication for biomanipulation
C. Skov, O. Lousdal, P.H. Johansen & S. Berg 481–487

Management of fish communities and its impacts on the lower trophic levels in shallow ecosystems in Hungary
I. Tátrai, K. Mátyás, J. Korponai, G. Paulovits, P. Pomogyi & F. Pekár 489–496

Is roach herbivory preventing re-colonization of submerged macrophytes in a shallow lake?
S. Körner & T. Dugdale 497–501

Population structure and feeding characteristics of Volga pikeperch, *Sander volgensis* (Pisces, Percidae), in Lake Balaton
A. Specziár & P. Bíró 503–510

Implications of rudd (*Scardinius erythrophthalmus*) herbivory on submerged macrophytes in a shallow eutrophic lake
L. Nurminen, J. Horppila, J. Lappalainen & T. Malinen 511–518

PERIPHYTON AND MACROPHYTES

Littoral diatoms as indicators for the eutrophication of shallow lakes
M. Kitner & A. Poulíčková 519–524

The role of periphyton during the re-colonization of a shallow lake with submerged macrophytes
E. Roberts, J. Kroker, S. Körner & A. Nicklisch 525–530

Comparative study of periphyton colonisation on common reed (*Phragmites australis*) and artificial substrate in a shallow lake, Manyas, Turkey
M. Albay & R. Akcaalan 531–540

Littoral macrophyte–periphyton complexes in two Hungarian shallow waters
M.K. Kiss, G. Lakatos, G. Borics, Z. Gidó & C. Deák 541–548

Algological and bacteriological investigations on reed periphyton in Lake Velencei, Hungary
E. Ács, A.K. Borsodi, J. Makk, P. Molnár, A. Mózes, A. Rusznyák, M.N. Reskóné & K.T. Kiss 549–557

Epiphyte biomass and elemental composition on submersed macrophytes in shallow eutrophic lakes
E.M. Gross, C. Feldbaum & A. Graf 559–565

The role of charophytes in increasing water transparency: a case study of two shallow lakes in Estonia
P. Nõges, L. Tuvikene, T. Feldmann, I. Tõnno, H. Künnap, H. Luup, J. Salujõe & T. Nõges 567–573

Particle trapping on leaves and on the bottom in simulated submerged plant stands
T. Pluntke & H.-P. Kozerski 575–581

Allelopathic activity of *Ceratophyllum dermersum* L. and *Najas marina* ssp. *intermedia* (Wolfgang) Casper
E.M. Gross, D. Erhard & E. Iványi 583–589

Effect of *Egeria densa* Planch. beds on a shallow lake without piscivorous fish
N. Mazzeo, L. Rodríguez-Gallego, C. Kruk, M. Meerhoff, J. Gorga, G. Lacerot, F. Quintans, M. Loureiro, D. Larrea & F. García-Rodríguez 591–602

Mechanisms involved in the decline of *Stratiotes aloides* L. in The Netherlands: sulphate as a key variable
A.J.P. Smolders, L.P.M. Lamers, C. den Hartog & J.G.M. Roelofs 603–610

A statistical model predicting the occurrence and dynamics of submerged macrophytes in shallow lakes in the Netherlands
M.S. Van den Berg, W. Joosse & H. Coops 611–623

Long-term changes of submerged macrophytes in the Lower Danube Wetland System
S. Cristofor, A. Vadineanu, A. Sarbu, C. Postolache, R. Dobre & M. Adamescu 625–634

Immobilisation of phosphorus by iron-coated roots of submerged macrophytes
M. Hupfer & A. Dollan 635–640

Response of submerged macrophytes in Danish lakes to nutrient loading reductions and biomanipulation
T.L. Lauridsen, J.P. Jensen, E. Jeppesen & M. Søndergaard 641–649

Seasonality of macrophytes dominance in flood-pulsed lakes of Danube Delta
S. Covaliov, G. van Geest, J. Hanganu, O. Hulea, L. Török & H. Coops 651–656

Nutrient and chlorophyll *a* temporal patterns in eutrophic mountain ponds with contrasting macrophyte coverage
A. Ruggiero, A.G. Solimini & G. Carchini 657–663

Preliminary investigations on the nutrient removal efficiency of a wetland-type ecosystem
E. Kerepeczki, D. Gál, P. Szabó & F. Pekár 665–670

Changes in the macro-vegetation of the Kis-Balaton Wetlands over the last two centuries: a GIS perspective
Z. Dömötörfy, D. Reeder & P. Pomogyi 671–679

Variations in leaf pigment content and photosynthetic activity of *Phragmites australis* in healthy and die-back reed stands of Lake Fertö/Neusiedlersee
I. Mészáros, S. Veres, M. Dinka & G. Lakatos 681–686

Disturbance and rehabilitation of lakeside *Phragmites* reeds fllowing an extreme flood in Lake Constance (Germany)
W. Ostendorp, M. Dienst & K. Schmieder 687–695

BACTERIAL ACTIVITY AND DECOMPOSITION

Bacterial activities in shallow lakes – a comparison between extremely acidic and alkaline eutrophic hard water lakes
B. Nixdorf & J. Jander 697–705

Rhizome-associated bacterial communities of healthy and declining reed stands in Lake Velencei, Hungary
A. Micsinai, A.K. Borsodi, V. Csengeri, A. Horváth, O. Oravecz, M. Nikolausz, M.N. Reskóné & K. Márialigeti 707–713

Long-term investigations on the changes of the MPN values of bacterial communities participating in the sulphur cycle in Lake Velencei, Hungary
M.N. Reskóné & A.K. Borsodi 715–720

Bacterial activities in the sediment of Lake Velencei, Hungary
A.K. Borsodi, P. Vladár, G. Cech, G. Gedeon, B. Beszteri, A. Micsinai, M.N. Reskóné & K. Márialigeti 721–728

Effect of nutrients on decomposition of *Ruppia cirrhosa* in a shallow coastal lagoon
M. Menéndez, D. Carlucci, M. Pinna, F.A. Comin & A. Basset 729–735

TROPHIC STATE EVALUATION, EUTROPHICATION, RESTORATION AND MANAGEMENT

On characteristics reflecting the trophic state of large and shallow Estonian lakes (L. Peipsi, L. Võrtsjärv)
J. Haberman & R. Laugaste 737–744

Evaluaton of the trophic state of Lake Pamvotis Greece, a shallow urban lake
I. Kagalau, E. Papastergiadou, G. Tsimarakis & D. Petridis 745–752

Experimental eutrophication of a shallow acidic mining lake and effects on the phytoplankton
D. Lessmann, A. Fyson & B. Nixdorf 753–758

Trophic state of a lowland reservoir during 10 years after restoration
R. Gołdyn, T. Joniak, K. Kowalczewska-Madura & A. Kozak 759–765

Experiments on the nutrient removal and retention of a pond recirculation system
D. Gál, P. Szabó, F. Pekár & L. Váradi 767–772

State of Lake Sysmäjärvi, Eastern Finland, after loading with mine water and municipal waste water for several decades
R. Niinioja, A.-L. Holopainen, H. Hämäläinen, L. Heitto, H. Luotonen, P. Mononen & A. Rämö 773–780

Testing aluminium addition as a tool for lake restoration in shallow, eutrophic Lake Sønderby, Denmark
K. Reitzel, J. Hansen, H.S. Jensen, F.Ø Andersen & K.S. Hansen 781–787

Changes in shallow lake functioning: response to climate change and nutrient reduction
L. Carvalho & A. Kirika 789–796

Shallow lakes in North-east Germany: trophic situation and restoration programmes
J. Mathes, I. Korczynski & J. Müller 797–802

The management of Lake Agmon Wetlands (Hula Valley, Israel)
M. Gophen, Y. Tsipris, M. Meron & I. Bar-Ilan 803–809

Application of habitat evaluation procedure for impact assessment studies in Laguna de Bay, Philippines
I. G. Bongco, A.C. Santos-Borja & T.A. Nauta 811–817
